## OBJECTIVE

I am a computational linguist and phonetician. I am interested in an interdisciplinary research career and mentorship role, where I can work with language and behavioural data, and applied computational methods. I want to mentor the next generation of scientists, with a focus on data science principles, project management, and quantitative and qualitative methods for human subject data collection. I aim to add to their knowledge and experience in experimental and applied linguistics.

## EDUCATION

- **University of Arizona** — *Aug 2019–June 2025 (expected)*
  *PhD, Linguistics* — Tucson Arizona, USA
  ◦ GPA: 3.9/4.00

- **University of Arizona** — *Aug 2019–May 2021*
  *MS, Human Language Technology* — Tucson Arizona, USA
  ◦ GPA: 3.9/4.00

- **The English and Foreign Languages University** — *July 2013–May 2015*
  *MA, Linguistics* — Hyderabad, India
  ◦ GPA: 72.9%

- **University of Delhi** — *July 2010–June 2013*
  *BA (Hons.), English* — New Delhi, India
  ◦ Score: 59.8%, II-Division

## ACADEMIC RESEARCH EXPERIENCE

- **Data Science Institute [🌐]** — *Aug 2023–Present*
  *Graduate Research Assistant (educator and consultancy)* — Tucson, USA
  ◦ Designed and delivered technical workshops encompassing NLP, python programming, command line interface proficiency, version control, High Performance Computing (HPC), and AI tools for research. See associated Github repository [].
  ◦ Collaborated in creating a language processing pipeline for quantum NLP applications in low-resource languages.
  ◦ Spearheaded a collaboration with computational linguistics faculty, for improving HPC understanding and knowledge.
  ◦ Provided consulting services for university research projects (data science and NLP), for the successful execution and optimization of these projects.

- **DARPA ASIST-ToMCAT Project (NLP) [🌐]** — *May 2020 - Dec 2023*
  *Graduate Research Assistant* — Tucson
  ◦ Designed and enhanced existing unsupervised neural network models for detecting speech synchrony/entrainment [].
  ◦ Contributed code, research insights, and qualitative assessments for vocal feature extraction using OpenSMILE, Praat and Python.
  ◦ Reported on the viability of different voice recording platforms for collecting human subject data and automatic transcriptions, and performed quality assessments.

- Performed literature reviews and assessed datasets for multimodal sentiment and emotion classification projects.
- Provided documentation and writing for effective communication of our research findings for DARPA Principal Investigators (PIs) Meetings and Github documentation.
- Contributed research to publications presented at NeurIPS and ICML (See publications [W1, W2, C1, C5, C6].

- **Douglass Phonetics Lab (applied linguistics)) [🌐]** *Jan 2020 - Dec 2020*
  *Graduate Research Assistant* Tucson
  - Coordinated the lab's ongoing phonetics experiments and data collection.
  - Initiated the migration of the lab's experiments to remote platforms (like Finding Five) during the pandemic, and assessed their viability.
  - Provided training and technical support to undergraduate researchers.
  - Contributed documentation for the data exploration and statistical analysis.
  - Conducted transcription and extraction of phonetic data on Praat.
  - My research contributed to publication [C3].

- **SPLANG Phonetics Lab (phonetics and psycholinguistics), EFL University** *Oct 2017 - Aug 2019*
  *Research Associate* Hyderabad, India
  - Designed and conducted acoustic phonetics experiments for languages such as Bengali, Mongolian, Malayalam and Hindi.
  - Conducted corpus analysis and qualitative assessments on multi-lingual internet corpora to find stimuli for experiments.
  - Created audio stimuli using Praat and ffmpeg for eye-tracking experiments and perception tasks.
  - Wrote R and Python scripts for statistical analysis and data visualisation.
  - Co-authored papers, conference posters, research proposals and presentations.
  - Provided training to students for experimental modalities such as ultrasound, eye-tracking, and speech perception and production.
  - Managed administrative tasks such as purchase requests, lab equipment setup, documentation for datasets, scheduling lab activities, and drafting the lab's budget and spending.
  - My research contributed to publication [C2, C4, P1, C7, C8].

## Teaching Experience

- **LING314: Phonetics, [Instructor on record]** *Jan 2023 - May 2023*
  *Tools: D2L, Praat, Qualtrics* [🌐]
  - Introduced core topics in phonetic science and the articulation, acoustic processing, and perception of human speech, with a focus on the prosodic properties and the phonetic structure of different dialects of English.
  - Taught the fundamentals of transcribing sound patterns with the International Phonetic Alphabet and the terminology for phonetic features.
  - Lead lab sessions to collect, process, and analyze acoustic features, and read spectrograms for different consonants and vowels.

- **LING432 (5-week, online), Psychology of Language [Instructor on record]** *Summer 2022 and 2023*
  *Tools: D2L, Panopto, Zoom whiteboard and quizzes* [🌐]
  - Introduced topics in language processing.
  - Created teaching materials on comprehension and production of sounds, words, and sentences, and the psychological processes involved.
  - Lead discussions on bilingual processing, speech errors, and artificial speech.
  - Designed student assignments and quizzes, and provided feedback on academic writing.
  - Recorded weekly lectures on Panopto.

- **LING150, Language and the World [Grader]** *Aug - Dec 2019*
  *Tools: D2L, Panopto, MS Office suite* [🌐]
  ◦ Conducted weekly section meetings and office hours.
  ◦ Provided detailed feedback and evaluation on student's assignments.
  ◦ Supported students with the design of a constructed language and documenting its grammar.

- **Teach for India, Hyderabad** *May 2015 - Apr 2015*
  *5th and 6th grade* [🌐]
  ◦ Taught 6th grade English and Science, and 5th grade Maths and Environmental Sciences.
  ◦ Participated in and conducted rigorous teacher-training programs.
  ◦ Raised approximately 82,000 INR to set up a digital classroom, class library and fund a sports training program.

## Skills

- **Programming and Scripting:** Python, R, Praat scripting, bash scripting, grep, ssh, slurm
- **Web Technologies:** D2L, Google Docs, Panopto, Qualtrics
- **Data and Code Management Systems:** Pandas, Bee Keeper, Excel, git
- **NLP, Data Science & Machine Learning:** Pytorch, ScikitLearn, PyKaldi, SpaCy, NLTK, Matplotlib, Pandas, Numpy, Notebooks, WhisperAI, SpeechBrain, Ollama, Jupyter
- **NLP and Phonetics:** SpaCy, NLTK, Beautiful Soup, perl, Ollama, WhisperAI, SpeechBrain, Praat, Parseltongue, Kaldi, OpenSMILE, ffmpeg
- **Mathematical & Statistical Tools:** numpy, scipy, ggplot, lme4, dplyr, gss
- **Other Tools & Technologies:** imagemagik, HPC, Gradio
- **Documentation and editing:** LaTeX, MS Word, RMarkdown & Knitr, MKdocs, Github Pages, vim, Jupyter Notebooks

## Fellowships and Awards

- **Data Science Fellowship** *Jan - Apr 2023*
  *Data Science Institute, University of Arizona* [⊕]
  ◦ Training for data management planning, research reproducibility and accessibility, and effective software documentation.
  ◦ Awarded a cash stipend of $6000.
  ◦ Submitted a paper+code sample Github repository as my capstone project [○].

- **Artistic Expression of Original Research** *Oct 2024*
  *Institute for Resilience, University of Arizona* [⊕]
  ◦ Selected to participate in a 3-day retreat, with workshops and talks on science communication, artistic techniques.
  ◦ Created a mixed-media installation depicting my doctoral research for three public exhibitions.

- **Travel award** *July 2023*
  *Department of Linguistics, University of Arizona*
  ◦ Awarded $1000 towards research travel to the International Congress for Phonetic Science 2023 for presenting [C2–C4].

- **Research Fund Award** *February 2022*
  *Department of Linguistics, University of Arizona*
  ◦ Awarded $800 towards experimental research contributing to publication [C3].

## Leadership Experience

- **Coordinator, Arizona Linguistics Circle Conference** *May 2022 - Oct 2021*
  *University of Arizona* [⊕]
  ◦ Build the Easychair abstracts submission portal.
  ◦ Recruited reviewers and coordinated the double-blind peer review.
  ◦ Managed all communications with authors.
  ◦ Created documentation for all procedures.

- **Coordinator, Arizona Linguistics Circle Conference** *May 2021 - Oct 2021*
  *University of Arizona* [⊕]
  ◦ Managed social media accounts across multiple platforms.
  ◦ Created PR materials for disseminating information on the conference.
  ◦ Created profiles for authors and their submissions.

- **Office bearer, Arizona Linguistics Circle** *Jan 2021 - Present*
  *University of Arizona* [⊕]
  ◦ Represented the student body in faculty meetings.
  ◦ Managed equipment and amenities in the student spaces.
  ◦ Mentored incoming graduate students.
  ◦ Volunteered in presentations and university showcases.

## SERVICE

• **Instructor, Software Carpentry Workshop** *December 2023*
*University of Arizona* [🌐]

• **Reviewer, Cayote papers** *Oct 2021*
*University of Arizona* [🌐]

• **Reviewer** *Mar 2023*
*Peer J Computer Science* [🌐]
